

SDS for Gopher X Smoke Oil

1. Product and Company Identification

- a. Material name Gopher X Smoke Oil
- b. Revision Date 8/19/2016
- c. Manufacturer information Quality Manufacturing and Distributing Inc.
PO Box 20870
El Cajon, CA 92120
www.gopherx.com
619-442-8686

2. Hazardous Identification

OSHA/HCS status : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

Classification of the substance or mixture : Not classified.

GHS label elements

Signal word : No signal word.

Hazard statements : No known significant effects or critical hazards.

Precautionary statements

Prevention : Not applicable.

Response : Not applicable.

Storage : Not applicable.

Disposal : Not applicable.

3. Composition

- a. Blended Mineral Oils
- b. Other Ingredient(s) including dye

4. First Aid Measures

- a. Description of necessary first aid measures
 - i. **Eye contact:** Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.
 - ii. **Inhalation:** Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Get medical attention if adverse health effects persist or are severe. If

unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

- iii. **Skin contact:** Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur. Wash clothing before reuse. Clean shoes thoroughly before reuse.
- iv. **Ingestion:** Get medical attention immediately. Call a poison center or physician. Wash out mouth with water. Remove dentures if any. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Stop if the exposed person feels sick as vomiting may be dangerous. Aspiration hazard if swallowed. Can enter lungs and cause damage. Do not induce vomiting. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person. If unconscious, place in recovery position and get medical attention immediately. Maintain an open airway. Loosen tight clothing such as a collar, tie, belt or waistband.

5. Fire-fighting measures

- a. Suitable firefighting measures - Water Fog, Foam, CO₂, Dry Chemicals

6. Accidental Release Measures

- a. Personnel Precautions: Keep unnecessary personnel away.
- b. Methods for Containment: Eliminate all ignition sources and stop the flow of material. Prevent entry to sewers and public waters.
- c. Methods for cleaning up: Absorb with appropriately with dry cloth, or vermiculite, or dry sand or earth and place into containers. Scrub the area with detergent and water. Prevent entry to sewers and public waters.

7. Handling and Storage

- a. Handling - Handle in accordance with good industrial hygiene and safety procedures. Wash hands and other exposed areas with mild soap and water before eating, drinking, or smoking and again when leaving work. Do not eat, drink or smoke when using this product.
- b. Storage - Keep away from heat and other sources of ignition. Store in a well ventilated place. Keep lids on tightly. Keep away from food, drink, animal feeding stuffs, and children.

8. Exposure controls/personal protection

- a. Hand Protection: Wear chemically resistant protective gloves. The breakthrough time of the selected gloves must be greater than the intended use period.
- b. Eye Protection: Chemical goggles or safety glasses.
- c. Respiratory Protection: In case of inadequate ventilation wear respiratory protection.
- d. Other Information: When using, do not eat, drink or smoke.

9. Physical and chemical properties

- a. Physical State : Liquid
- b. Appearance : Greenish.

10. Stability and Reactivity

- a. Reactivity: Stable at ambient temperature and under normal conditions of use.
- b. Chemical Stability: Product is stable.
- c. Conditions to avoid: Heat, flames and sparks. Avoid temperatures exceeding the flash point.

11. Toxicological information

- a. None

12. Ecological information

- a. None

13. Disposal considerations

- a. Waste Disposal Recommendations: Dispose of waste material in accordance with all local, regional, national, and international regulations.

14. Transport information

- a. In Accordance with DOT Not regulated for transport.
- b. In Accordance with TDG Not regulated for transport.
- c. In Accordance with IMDG Not regulated for transport.
- d. In Accordance with IATA Not regulated for transport.

15. Regulatory information

- a. The product and/or its components does not appear on any state Right to Know lists.

16. Other information

Notice to reader
