# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical Identity                          | CAS number   | Content in percent (%)* | Notes   |
|--|--------------|-------------------------|---|
| (1) CALCIUM CARBONATE                      | 1317-65-3    | 50 - <100%              | # This substance has workplace exposure limit(s). |
| Plasticizer Polymer Additive               | Trade secret | 5 - <10%                | No data available.                                |
| DISTILLATES,<br>PETROLEUM,HYDROTREAT<br>ED | 64742-47-8   | 1 - <5%                 | # This substance has workplace exposure limit(s). |
| (1) QUARTZ                                 | 14808-60-7   | 0.1 - <1%               | # This substance has workplace exposure limit(s). |
| (1) TITANIUM DIOXIDE                       | 13463-67-7   | 0.1 - <1%               | # This substance has workplace exposure limit(s). |

<sup>\*</sup> All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

Trade secret information:

- \*\* A specific chemical identity and/or percentage of composition has been withheld as a trade secret.
- (1) The respirable particle(s) listed above are inextricably bound within the polymer matrix, and therefore does not present an inhalation hazard during normal use of this product. Tooling or machining of the cured product (sanding, cutting, milling) may release hazardous, respirable substances.

#### 4. First-aid measures

**General information:** No action shall be taken involving any personal risk or without suitable

training.

**Ingestion:** Do NOT induce vomiting. Get medical attention immediately. Do not give

victim anything to drink if he is unconscious.

**Inhalation:** Move to fresh air.

**Skin Contact:** Flush skin with large amounts of water for at least 15 minutes until no

evidence of chemical remains. Wash with soap and water.

**Eye contact:** In case of contact with eyes, rinse immediately with plenty of water and

seek medical advice.

Most important symptoms/effects, acute and delayed

**Symptoms:** No data available.

SDS\_US 2/15

Revision Date: 11/28/2017

#### GE22582

**Hazards:** No data available.

Indication of immediate medical attention and special treatment needed

**Treatment:** Treatment is symptomatic and supportive.

5. Fire-fighting measures

General Fire Hazards: Containers close to fire should be removed immediately or cooled with

water. Remove or isolate all sources of ignition.

Suitable (and unsuitable) extinguishing media

Suitable extinguishing

media:

All standard extinguishing agents are suitable.

Unsuitable extinguishing

media:

Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical:

In case of fire, carbon monoxide and carbon dioxide may be formed.

Special protective equipment and precautions for firefighters

Special fire fighting

procedures:

Cool fire-endangered containers with water.

Special protective equipment

for fire-fighters:

Firefighters must wear NIOSH/MSHA approved positive pressure selfcontained breathing apparatus with full face mask and full protective

clothing.

# 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Avoid contact with skin and eyes. Use only in well-ventilated areas. Avoid accidental ingestion of this material. Wash hands and face before eating, drinking, smoking, using toilet facilities, or applying cosmetics.

Keep container closed.Keep out of reach of children.

Methods and material for containment and cleaning

up:

Wipe, scrape or soak up in an inert material and put in a container for disposal. Wash walking surfaces with detergent and water to reduce slipping hazard. Wear proper protective equipment as specified in the

protective equipment section.

**Notification Procedures:** Caution: Contaminated surfaces may be slippery. Stop leak if you can do

so without risk.

**Environmental Precautions:** Prevent runoff from entering drains, sewers, or streams.

SDS\_US 3/15

Revision Date: 11/28/2017

# GE22582

# 7. Handling and storage

Precautions for safe handling: Sensitivity to static discharge is not expected. Do not get in eyes, on skin,

on clothing. Do not taste or swallow. Wear protective gloves/protective clothing/eye protection/face protection. Use only with adequate ventilation.

Conditions for safe storage,

including any incompatibilities:

Keep away from heat, sparks and open flame. Keep container tightly closed and in a well-ventilated place. Use original container or packaging of similar material of construction

# 8. Exposure controls/personal protection

This product contains one or more substances with an occupational exposure limit. However, the respirable particle(s) of this/these substance(s) are inextricably bound within the polymer matrix. Therefore, we do not expect an exposure to this/these substance(s) during normal use of this product. Tooling or machining of the cured product (sanding, cutting, milling) may release hazardous, respirable substances.

# Appropriate Engineering Controls

Safety shower. Ventilation and other forms of engineering controls are preferred for controlling exposures. Respiratory protection may be needed

for non-routine or emergency situations.

## Individual protection measures, such as personal protective equipment

**General information:** Ventilation and other forms of engineering controls are preferred for

controlling exposures. Respiratory protection may be needed for non-

routine or emergency situations.

**Eye/face protection:** Wear safety glasses with side shields (or goggles). Wear face shield if there

is risk of splashes.

**Skin Protection** 

Hand Protection: Neoprene

**Other:** Wear suitable protective clothing and eye/face protection.

**Respiratory Protection:** If exposure limits are exceeded or respiratory irritation is experienced,

NIOSH/MSHA approved respiratory protection should be worn. Supplied air respirators may be required for non-routine or emergency situations. Respiratory protection must be provided in accordance with OSHA

regulations (see 29CFR 1910.134).

**Hygiene measures:** Always observe good personal hygiene measures, such as washing after

handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Provide adequate ventilation.

# 9. Physical and chemical properties

**Appearance** 

Physical state: solid
Form: solid
Color: White
Odor: Acrylate

**Odor threshold:** 

**pH**: 7.8 - 8.4

Melting point/freezing point:No data available.Initial boiling point and boiling range:No data available.Flash Point:> 93.3 °C (estimated)Evaporation rate:No data available.Flammability (solid, gas):No data available.

Upper/lower limit on flammability or explosive limits

Flammability limit - upper (%):

Flammability limit - lower (%):

Explosive limit - upper (%):

No data available.

Vapor pressure: No data available.

Vapor density:not applicableDensity:ca. 1.616 g/cm3

Relative density: 1.61

Solubility(ies)

Solubility in water: Soluble

Solubility (other): No data available.

Partition coefficient (n-octanol/water) Log Not determined.

Pow:

Auto-ignition temperature:No data available.Decomposition temperature:No data available.SADT:No data available.Viscosity, dynamic:No data available.Viscosity, kinematic:No data available.

**VOC:** 32.7 g/l;

# 10. Stability and reactivity

**Reactivity:** No dangerous reaction if used as recommended.

SDS\_US 6/15

Revision Date: 11/28/2017

#### GE22582

**Chemical Stability:** Material is stable under normal conditions.

Possibility of hazardous

reactions:

Hazardous polymerisation does not occur.

Conditions to avoid: Keep away from sources of ignition - No smoking.

**Incompatible Materials:** None known.

**Hazardous Decomposition** 

**Products:** 

Carbon dioxide Toxic fumes.

# 11. Toxicological information

# Information on likely routes of exposure

**Ingestion:** No data available.

**Inhalation:** No data available.

**Skin Contact:** No data available.

**Eye contact:** No data available.

# Symptoms related to the physical, chemical and toxicological characteristics

**Ingestion:** No data available.

**Inhalation:** No data available.

**Skin Contact:** No data available.
